Community News

News From St. Leonards - 440 Zorn Ave.

Mark your calendars for St. Leonard's monthly dinner scheduled for October 11, at 5:30 p.m. This month a fish dinner complete with Boston Scrod, French fries, macaroni & cheese, cole slaw, a dessert, and your choice of ice tea or coffee will be featured. The dinner is $4.95 and all items may also be purchased a la carte. A cake wheel will also add to the fun. All money raised from this event will help finance the 7th & 8th graders trip to Washington, D.C. in the Spring. So plan to attend and enjoy a great fish dinner while meeting your neighbors!

Lincoln Bulldog News

Students at Lincoln are able to learn about health and safety from the experts. That's right, the children are being taught by U of L Senior Nursing students. Intensive courses have been designed for various grade levels and inlcude instruction on the Red Cross and prevention of illness.

Lincoln also is continuing their attendance program. The names of all children with perfect attendance during pupil attendance month are put into various boxes. Names are drawn out of each of the boxes and the lucky winners receive a Lincoln Bulldog T-shirt.

With the health instruction and attendance program incentive, Lincoln students should all be eligible for the Bulldog T-shirts.

Field News

Field is all set for another exciting year! The 2nd & 3rd graders spruced up the outside, planting lilies around the building. This will surely impress the mayor who will be at Field on October 25th for Operation Brightside kickoff and on October 14th for the Crescent Hill Annual Meeting.

The students this year can sure be proud of their teachers! The teaching staff is working with Louisville Zoo officials to learn more about endangered species. This new knowledge will be utilized in Field's environmental studies program.

Another unique experience for the 5th graders is having their teacher work a few hours at the Museum of History & Science. While she is at the museum learning about all of its materials, projects and programs, the 5th graders will get an assistant teacher. Best of all however, is that the teacher will be able to involve her students with her new knowledge by planning many field trips to the museum and better utilizing this great educational asset!
